How to Measure for Men's, Women's and Children's Wearing Apparel

A page of instructions showing how to measure and what measurements to give, tables of sizes and other necessary information for all the various kinds of Wearing Apparel—Clothing, Working Garments, Hats, Gloves, Underwear and Hosiery. This page must not be used as an order blank but as a page for information only.

Measurements for Men's Suits or Overcoats and Boys' or Youths' Long Pants Suits or Overcoats.

Height	Weight	Age

COAT or OVERCOAT

Be sure to state suit or overcoat style number.

Stand in your natural way, breathe regularly, and don't expand chest; also take everything bulky out of your pockets.

Breast—Around body at breast, close up under arms at 1, snug but not tight. Tape should be over shoulder blades at the back (measure over vest only)....

Waist—All around body at waist at 2. Waist line is just above hip bones. Always feel sides for location of hip bones (measure over vest only)....

Sleeve—Take sleeve measurements with your coat on. From middle of back at 3 to elbow at 4....

Sleeve—From middle of back at 3 to wrist joint at 5, giving full length of arm....

Style No. | Inches

VEST.

(These measurements must be taken over the vest.)

Breast—Around the body at breast, close up under arms at 1, snug but not tight. Tape should be over the shoulder blades at back (measure over vest only)....

Waist—All around body at waist at 2. Waist line is just above hip bones. Always feel sides for location of hip bones (measure over vest only)....

PANTS.

(Now turn up your vest.)

New stand erect and draw pants well up in the crotch.

Waist—All around body at waist over pants at 6. Waist line is just above hip bones. Always feel sides for location of hip bones....

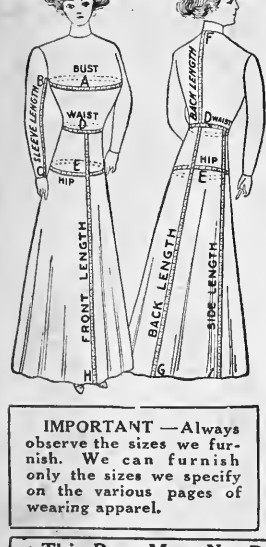
NECESSARY INFORMATION FOR BOYS' CLOTHING.

TWO-PIECE OR THREE-PIECE KNEE PANTS SUITS, OVERCOATS, LITTLE FELLOWS' SUITS OR OVERCOATS—Simply state age and say whether the boy is large, small or of average size for his age.

Measurement Form for Ladies' and Misses' Tailored Suits, Cloaks, Skirts, Dresses, Waists and Capes.

First, tie a tape or cord around your waist in order that you may properly locate the natural waist line. This is important.

Second, be sure that your tape line is accurate. Then measure over a tight fitting waist or blouse, making no allowance for seams, according to the following directions:



Height	Weight	Age

Measurements for Coat, Cloak, Waist, Dressing Sacque, Etc.

BUST MEASURE—Measure all around body as per line marked **A**, over the fullest part of bust, underneath arms and well up on the shoulder blades at back. Don't take this measure just across the front, but take it all around body....

SLEEVE LENGTH—Measure from armhole at **B** along inside sleeve seam to wrist at **C** with arm held as shown in illustration....

LENGTH OF BACK—Measure from back of neck at **F** down back to waist line **D**....

Inches

Measurements for Skirt.

WAIST MEASURE—Remove outside belt and measure all around body at waist as per line marked **D**. Do not allow for lap or clip front....

HIP MEASURE—Measure all around body at hips as per line marked **E**. This line is about 6 inches below waist line. Be careful that tape does not slip up or down....

FRONT LENGTH OF SKIRT—Measure from waist line **D** down the front of skirt to **H**. This measurement should be taken from waist to within 2 or 3 inches from the floor for ladies' skirts, and 8 to 10 inches from the floor for misses' skirts. Do not take measure from waist line to the floor, as this makes the skirt entirely too long....

SIDE LENGTH OF SKIRT—Measure from waist line **D** down side of skirt to **I**....

BACK LENGTH OF SKIRT—Measure from waist line **D** down back of skirt to **G**....

Inches

IMPORTANT—Always observe the sizes we furnish. We can furnish only the sizes we specify on the various pages of wearing apparel.

SIMPLE RULES FOR ORDERING

TO FIND WHAT YOU WANT TO BUY, refer to Brief Index above or to Itemized Index on pages 2 to 16.

USE OUR ORDER BLANK, IF YOU HAVE ONE. If you haven't one, use any kind of plain paper.

TELL US IN YOUR OWN WAY WHAT YOU WANT, always giving, if possible, the catalog number of each article, the price, and also the size and color, where these are necessary.

ENCLOSE IN THE LETTER the proper amount of money in the form of a postoffice money order, which you can buy at the postoffice, or an express money order, which you can buy from any express agent, or a draft, which you can buy at any bank, or you can put the money itself in a letter and take it to the postoffice and tell your postmaster that you want him to register it to us. If you have a checking account at a bank, you may, if you prefer, send us your personal check.

IF YOU LIVE ON A RURAL MAIL ROUTE, just give the letter and the money to the mail carrier and ask him to buy a money order at the postoffice for you and to put it in the envelope with your order and mail it to us.

DON'T BE AFRAID YOU WILL MAKE A MISTAKE IN MAKING OUT THE ORDER. We receive hundreds of orders every day from young and old, who never before sent away orders for goods. We are accustomed to handling all kinds of orders.

WRITE US IN YOUR OWN WAY, IN ANY LANGUAGE. We have translators who read all languages. Don't worry if you think your writing is poor. We will be able to read it and your goods will be promptly sent.

Do not fail to give size, color, weight, etc., if required, when writing your order.

IF THERE IS ANY OTHER INFORMATION YOU DESIRE, such as methods of shipping, postage, express or freight rates, you will undoubtedly find it by referring to pages 17 and 18 of this catalog.

Visit Us When You Come to Chicago. We'll Show You Through Our Buildings.

=ITEMIZED= HOW TO FIND ANY ARTICLE YOU WANT TO BUY

INDEX

This Index is alphabetically arranged. We index the General Names of the various lines of merchandise, and under each article by the name or names it most commonly bears. Thus you may find what you want either under the General Name of the line of merchandise to which it belongs, or under the name of the article. Items such as repairs or parts of articles, or tools, or some small supplies to which we may not have given the name under the General Name of the line of goods with which they are commonly associated; for example, to find a repair part for Harness not found in the index under the name by which you know it, look under the heading "Repairs—Harness;" or if a tool, under the heading "Tools."

ON PAGE 16 We tell you about our special catalogs and Catalog, there are a number of items belonging to lines not so generally in all kinds of merchandise in this big General demand which we show only in special catalogs.

Read This About Special Catalogs and Sample Books

We issue a number of special catalogs in order to show a larger variety of merchandise or give more information about the merchandise in some special lines than is possible in our big General Catalog. We also issue a number of sample books or sets of samples that show the actual material. Any of these books will be mailed free and postpaid on request.

Before writing for any special catalog or sample book be sure to refer to the pages of this big General Catalog to see whether the goods you want to buy are shown in this Big Catalog. If they are shown in this Big Catalog you can avoid the delay of waiting for a special catalog. If you can order without samples you can avoid the delay of waiting for samples or a sample book. Remember, we guarantee to please you in every respect or refund your money, which protects you against any disappointment whatever.

Do not send for a special catalog or sample book unless you are sure the goods you want to buy are not shown in this Big Catalog. At the same time we want you to send for a special catalog if you really feel that you need it.

In writing for a special catalog or sample book, if you will just tell us the kind of goods you want to buy we will be sure to send you the catalog that shows the goods in which you are interested.

List of Lines of Merchandise for Which We Issue Special Catalogs, Circulars or Sample Books.

Before writing for any of these books, refer to the pages where these goods are shown in this General Catalog to see whether you can order direct from these pages without waiting for a special catalog, as these pages may show the very items you wish to buy.

erms and low to Order

We require cash with orders. See paragraph about how to send money.

Use our regular order blank if you have one; if not, use any paper.

Always keep a supply of our order blanks on hand. It is more convenient to make your order out on one of them than in any other way. If out of them at any time, write us a postal card and we will send you some.

Always sign your full name (Christian name and surname).

Please write your name and address very plainly.

Give your postoffice, county and state. If you have a local address, such as rural route or street and number, or postoffice box number, be sure to write it.

If your shipping point is different from your postoffice, be sure to mention the shipping point as well as the postoffice.

low to Send Money

You can send money by postoffice money order, express money order, bank draft, or cash by registered letter.

If you have a checking account at a bank, you may, if you prefer, send us your personal check.

If you live on a rural route, you can give your letter and money to your rural carrier and he can buy a money order at the postoffice and enclose it in the envelope with your order and mail it to us. That will save you going to the postoffice.

lethods of hipment

All transportation charges are to be paid by the customer.

If you do not specify how goods are to be shipped, but leave the shipping of your order to our judgment, we will in all cases ship your goods by whatever method will cost you the least money.

In the following paragraphs we fully explain the various details about express and freight shipments.

Veight of hipments

Shipping weight in our descriptions means the weight of the article packed for shipment by itself. You can therefore figure the amount of postage you will be required to send us at the rate of 1 cent an ounce if you want a mail shipment; or (on the other items) what the express or freight charges will be if these items are to be shipped by themselves. Of course, if you are making up an order to be shipped by freight, combining a number of these items, your shipment would not weigh as much as these combined shipping weights, for if they are packed together, part of the separate wrapping is unnecessary. In cases, however, we quote only actual weight allowance for packing; particularly where full weight partly indicates value and on goods not liable for shipment by themselves.

ail Shipments

On all orders to be shipped by mail we require the full amount of cash with the order, together with **sufficient money extra to pay postage.** If you want goods shipped by insured mail, enclose insurance fee. If you want the package shipped by registered mail, enclose registration fee.

SECTION 1. OPEN MAIL. So called because only regular merchandise rate of postage (1 cent per) is required. Open mail shipments are forwarded at customer's risk. The government is not responsible for packages lost if shipped by open mail.

SECTION 2. INSURED MAIL. If, in addition to sending us the mail, you include also on orders up to $5.00 in value 5 cents per order and on orders of over $5.00 and under $10.00 in value 10 cents per extra, and on orders of more than $10.00 in value 15 cents for each onal $5.00 we will guarantee the safe arrival of the entire shipment.

SECTION 3. REGISTERED MAIL. So called because the postoffice ment keeps a record of each shipment sent by registered mail from ne it is delivered to them by us until they deliver it to you. This is method of forwarding shipments of jewelry or other small valuable s exceeding $10.00 in value. The rate of postage on registered mail **ot per ounce and in addition 10 cents for registration** on each package shipped.

gle packages weighing more than 4 pounds cannot be shipped by ut any number of packages weighing 4 pounds or less each may be d to the same person at the same time. Any book, no matter what ght, can be sent by mail. Postage on books and printed matter is per ounce.

uids over 4 ounces in weight cannot be shipped by mail, but weighing less than 4 ounces may safely be shipped by mail.

plosives, poisonous or inflammable articles cannot be sent by mail any circumstances whatever.

CTION 4. Watches, jewelry and other valuable merchandise of light make profitable mail shipments and if you are not ordering other t the same time, it is most economical to have such goods sent by Do not order shipped by mail articles of small value and considerght, as the postage in many cases would be more than the value of ds.

ow to Figure Express Charges. See Page 18.

press hipments

Shipping goods by express is an absolutely safe method of transportation and is good, quick service. It is, as a rule, the most profitable method of shipping goods weighing less than 20 pounds.

Always call for your goods promptly when the express agent notifies you that they have come. ou have no agent at your station, all express shipments will be o the town nearest you which has an agent. If there is no agent station and you want the goods shipped by express, always tell station to ship them to.

make separate express shipments of certain light and expensive such as watches, jewelry and high priced revolvers, when they are shipped with a miscellaneous freight or express order. We send what is called "Sealed Express" in a package by themselves for safety.

For Freight Classification and Freight Rates See Page 18.

Freight Shipments

Freight is the preferable method of shipment for all heavy, bulky merchandise, such as agricultural implements, household goods, furniture, groceries, hardware, etc.

When a shipment weighs more than 100 pounds, the railroad companies charge only for the actual number of pounds at the regular rate per 100 pounds. For instance, if the rate per 100 pounds to your town should be 40 cents, a box weighing 125 pounds would cost 50 cents freight charges. Freight charges amount to very little on any kind of a shipment in comparison with the saving you make on our extremely low prices, but it is well to keep the freight rates in mind when ordering, because **railroad companies usually charge no more for carrying 100 pounds than they do for 20 pounds,** so that in case you only have a small order and want it to come by freight, you could have some friend buy goods at the same time, send his order with yours and have both orders shipped in your name by freight, and if both orders weighed less than 100 pounds they would cost no more than either one of the orders would if it were shipped separately.

If you have no agent at your shipping point, freight charges must be prepaid from here, and if you do not know what these freight charges will amount to be sure to send enough money extra to cover them. If you send more than the amount we need to prepay the charges, we will at once return you any balance.

If you have an agent at your station, it is not necessary to prepay charges. In fact, it is better not to have them prepaid, as the charges are exactly the same no matter whether you pay them or we pay them.

Factory Shipments

In order to make our prices as low as we do, we find it necessary to ship many of the heavy, bulky articles that we sell direct from the factory where they are made, thus saving our customers freight and cartage in Chicago, handling and other expenses incidental to merchandise passing through our house.

The freight from the factory to the customer's town is frequently less than if the goods were shipped from Chicago, because the factory may be located nearer the customer's town than Chicago.

The descriptions tell you if goods are to be shipped from factory. Of course, the most of our merchandise is shipped from our house in Chicago.

Be sure to come and see us when you are in Chicago. We want to show you through our great buildings. Any street car or elevated railroad conductor will direct you to our plant.

Club Orders

Railroad companies, as a rule, charge as much for carrying 20 pounds of freight in one shipment as they would for 100 pounds. Consequently, it is a good plan, if you only have a small sized order which you wish shipped, to ask some friends or neighbors to join, or club in with you and make up an order and have them all sent in to us and shipped out together to one person, who can give each member of the party his proper share of the goods. By doing this, you see, you could have four or five 20 or 25-pound shipments go for exactly the same freight rates as one shipment of 20 pounds.

How to Return Goods

If you ever find it necessary to return goods to us for any reason, first write us, tell us what the trouble is, and we will advise you how to send the goods back.

Be sure to send back with your letter, the bill, as well as any other papers you may have relating to the order.

When you return goods to us, either by mail, express or freight, be sure to address the package, box or tag plainly to us and also be sure to write your own name and address plainly on the package, box or tag, so that we will know who the sender is. **Also be sure to write the order number on the package.**

Never return goods by express if the package weighs more than 25 pounds, as it will be cheaper to send it by freight.

Do not seal a mail package, but wrap it in such a manner that the postmaster can open it and examine it without destroying the wrapper. Do not make the mistake of pasting stamps over the string of a package of merchandise which you are sending by mail, because that is the same as sealing it and will cost you double postage.

Do not fail to register mail packages worth $2.00 or more. A package can be registered for 10 cents, and if it does not reach us promptly it can be traced.

Do not return any article shipped from a factory without first writing us, because you would not be able to know otherwise whether we wanted it sent to Chicago or back to the factory.

C. O. D. Shipments

We have practically discontinued shipping goods C. O. D., because nearly all of our customers who formerly had goods shipped this way now send cash in full with their orders, thus saving the annoyance of going to a bank or an express office to pay the balance due on the shipment, and also saving the cost of returning the money to us. Still, if for any reason a customer would prefer to see and examine goods before paying for them in full, we will make C. O. D. shipment upon receipt of a sufficient deposit, usually about one-fourth of the amount of the order. We will not, however, accept any order to be shipped C. O. D. if it amounts to less than $5.00, because orders for amounts smaller than this are unprofitable to the customer, due to the charge for collection and return of the money.

Goods shipped by express C. O. D. are always subject to examination in the express office. If they are satisfactory in every respect, you pay the agent the balance and the express charges and charge for returning the money and take the goods.

We cannot guarantee the privilege of examination on goods shipped C. O. D. by freight, because many railroads give their agents instructions to not allow any packages to be opened until after the charges have been paid.

Safe Delivery Guaranteed

We guarantee everything we ship you to reach you in perfect condition.

If ever you receive any package from us in a damaged condition, have your freight agent or your express agent make a notation of the damage on the face of the receipt he gives you when you pay the charges, and send this receipt to us, telling us just what is the matter, and we will make it right. In case of express shipments the express agent will give you a receipt on request.

FREIGHT AND EXPRESS RATES

Tables Showing the Freight and Express Rates per 100 Pound on Goods Shipped From Chicago to a Number of Cities in Ea

State, These Cities Being Used by the Railroads as a Basis for Figuring Rates for All the Towns in the Immediate Vicinity of Each City.

Railroad Companies Figure Freight Rates With the Larger Cities in Each State as a Basis.

All other towns located in the same part of the state as any one of these cities take practically the same rate or only a few cents per 100 pounds more or less than the rate to the larger city.

Please consult the following Table of Rates, considering it in connection with the classification of merchandise given below, and you will be able to determine easily almost exactly what the freight will amount to on any goods. If your station is not named in these tables, the rate to your station will be very nearly the same as the rate to the nearest city named.

Freight or Express Charges Amount to Very Little.

Don't be afraid of freight or express charges. They never amount to much compared with what we save you. In fact, we guarantee that you will save money on every purchase after you pay the freight or express charges. No matter how far away you live we can still save you money on your purchase. If you do not find it so, you may return the goods to us at our expense and we will return your money and all transportation charges you paid. You will not lose a cent.

Classification of Merchandise for Freight Shipments.

You will notice in the Freight Rate Tables below there are four different rates quoted to each city, first class, second class, third class and fourth class. This is because the railroad companies base their rates on the kind of merchandise to be carried. In order, therefore, to give you an idea as to the rate which any kind of merchandise will take from your nearest city, we tell you here the kind of merchandise which takes the different classes of rates.

DOUBLE FIRST CLASS—Cameras (West), **FIRST CLASS**—Bath tubes, baby carriages, dry goods, carpets, curtains, matting, oilcloth, rugs, books, stationery, boots and shoes, wagon etc.; wheels, Morris chairs, cigars, couches, cream separators, dressers, desks, etc.; drugs, electrical goods, graphophones, harness and saddlery, fire arms, graphophones, harness and saddlery, incubators, lamps, notions, pianos and organs, pictures, rubber goods, sporting goods, cameras (East), cameras supplies, tinware, toys, furniture (most kinds), trunks, valises, farm wagons, clocks, clothing, tents, washing machines.

SECOND CLASS—Hardware, granite ware, plumbing material, glassware, refrigerators, loaded gun shells, extension tables, vacuum cleaners, tools, animal traps, wall paper, crockery, concrete block machines, woodenware, bedsteads.

THIRD CLASS—Church, school and farm bells, farm implements, windmills and towers, mill work, stoves and ranges, iron safes, wire fencing, iron pots and kettles.

FOURTH CLASS—Anvils, most all kinds of groceries, felt and tarred roofing, galvanized iron, steel roofing, steel siding.

How to Save Money Freight Charges.

In having goods shipped freight, it paya you to make up an order of 100 pounds more, because railroad companies usually charge as much for a shipment weighing less than 100 pounds as they for one weighing 100 pounds. It is well, therefore, when mailing us an order to be shipped by freight, to observe how much it will weigh, and if not at least 100 pounds the number of items can be added without increasing the freight charges, and thus a large saving effected.

When You Leave the Method of Shipment to Us.

When you leave the method of shipment to us we always choose the cheapest method. However, if the shipment is comparatively small (as it usually speaking, less than 20 pounds) and you want it to arrive in the quickest possible time, it will be best to specify express on your order, as express shipments can be delivered much quicker than freight shipments. Small packages of light weight (not more than 4 pounds) and of considerable value can be profitably and quickly shipped by mail, but in case you want any goods shipped by mail you must be sure to mention it and include with your order postage stamps at the rate of 1 cent an ounce according to shipping weight state the description or according to postage stated.

HOW TO FIGURE EXPRESS CHARGES.

First estimate the weight of goods you are ordering; then find the rate per 100 pounds by express to your nearest city in the Table of Rates below; then consult the following Scale of Express Charges, following the line for the weight of your goods to the column headed by your express rate per hundred pounds and the amount shown will be the express charges.

If the exact rate per hundred pounds is not shown in any of the headings of this scale, take the next highest rate shown and the express charges will be about the same as to your town.

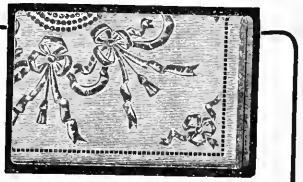
$9.63 A SET — EXTRA SIZE HEMSTITCHED ALL PURE SCOTCH LINEN TABLE SET IN SPOT AND SATIN BAND PATTERN.

No. 36H1218 This is one of our best table sets. It is very attractive in appearance and also one that will give excellent service. This set is of superior weight and quality finest satin damask, absolutely all pure linen. Tablecloth measures about 67x104 inches, napkins measure 21x21 inches. One dozen napkins to the set. The richness of the pattern cannot be determined from the illustration, which in no way does the pattern justice. This is a handsome spot center with a double border of lily and satin bands. Both tablecloth and napkins are neatly and durably hemstitched all around. Each set comes put up in a fancy box.

Price, per set.....$9.63



$12.39 A SET — EXCLUSIVELY STYLED HANDSOME SCOTCH TABLE SET, IN RIBBON AND BALL PATTERN. TABLECLOTH 2½ YARDS SQUARE.

No. 36H1230 One of our very finest all pure Scotch Linen Table Sets. Its heavy weight and lustrous finish make it a far superior value to anything that can be found in the ordinary dry goods store at any price. The illustration is too small to show the handsome pattern, but when seen on the table these goods are more than pleasing. The pattern consists of a satin ball center with a rich satin band design and is one of the most clever ideas ever gotten out. The set consists of tablecloth measuring 85x85 inches, together with one dozen napkins measuring 23x23 inches. Both napkins and tablecloth are handsomely hemmed and hemstitched all around. Put up in a very handsome box. We import these goods ourselves and they are priced on the same low basis as all our other table sets.

Price, per set.....$12.39

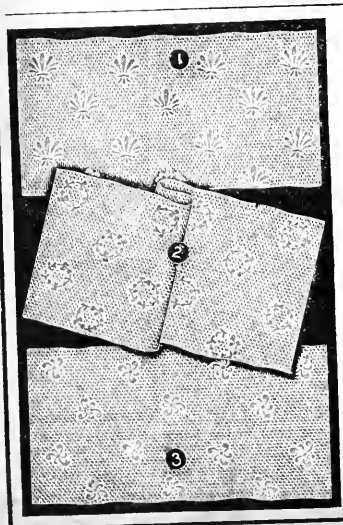
Beautiful Huck Towelings for Fancywork

FOR PLAIN GOODS SEE PAGE 48.



34c ALL LINEN FANCY HUCK TOWELING A YARD FOR EMBROIDERY USE. WIDTH, 18 INCHES.

No. 36H2093 We were so successful in the presentation of our 22-inch fancy all linen huck toweling that we have added to the line a narrower cloth which we believe will be equally as successful; especially for the making up of towels will this width be in demand. While this cloth is of exactly the same quality as our No. 36H2095, it is brought out in an entirely different range of patterns, the styles shown being particularly adaptable to the width. This is a strictly all linen cloth, and the ordinary retail price is 50 cents. The patterns include three very new ideas, the ever popular shamrock and two attractive figures. For your convenience we have numbered the patterns. In ordering please state pattern number preferred. Price, per yard.....34c

45c VERY FINEST ALL LINEN FANCY HUCK TOWELING FOR EMBROIDERY PURPOSES. A YARD

No. 36H2095 In submitting this cloth for our customers' approval we certainly struck the keynote of our customers' wants and have developed a surprisingly extensive business. The four patterns shown are exclusive in character and are not to be met with in the ordinary run of huck towelings; they include the rose, pansy and stripe, carnation, and tulip. For your convenience we have numbered these patterns and would ask you to give pattern number when ordering. Owing to the use of extremely fine yarn, the patterns stand out brilliantly. Full 22 inches wide, a width much preferred for embroidery purposes. The large city linen shops have no equal in huck towelings of this quality at 60 to 75 cents a yard. Our low price is due to our own importation, made on a basis of old contracts, which could not be duplicated today. Price, per yard.....45c

inen Friction Towels.

2c EACH — LINEN FRICTION TOWELS. VERY ABSORBENT AND HEALTHFUL.

No. 36H1988 This is another new towel with us this season and one that we feel sure will be much appreciated by gymnasiums, hospitals etc., besides making a very durable and healthy article for household use. This is an improved towel and for working up healthy circulation after the bath there is nothing to equal these linen friction towels. They produce that healthy glow to the skin that is so much desired. There is just enough cotton in this towel to prevent its being too harsh. This towel measures about 21½x49 inches, has hemmed ends, is bleached and has a sightly border. It is certainly a big value when one considers the durability of the towel and the service it will give, outwearing two or three of the ordinary bath towels.

NEW BORDERED VOILES. 17c
Fine Yarns. Crystal White. A YARD

No. 36H2826 This is a new fabric with us this season and one we feel sure will be immensely popular. We have selected a very choice quality combed cotton yarn voile of nice, even construction and have brought it out with a new border design like the illustration. These goods are full 40 inches wide, which permits of their ready use for skirts, aprons, etc. This voile is bleached pure white and with the attractive border would at this price be an exceptional value. Similarly styled goods will retail this season at 25 cents a yard and more. 40 inches wide. Price, per yard.....17c

YARD WIDE PLAIN WHITE LONGCLOTHS.

A little heavier than the nainsooks, but used for the same purposes, being especially adapted for women's and children's wear. We have paid special attention to this line of goods, and we have built up an assortment of the choicest and most popular grades of this cloth which we offer to the public at less than it could be purchased in large quantities from a wholesale establishment. It is made for us at the mills in special lengths, and as we purchase immense quantities we are able to quote these low prices. These longcloths are full 36 inches wide. There is a saving for you in every one of the following numbers:

No. 36H2643 White Longcloth. Medium quality, nicely bleached. A 12½-cent value. Yard wide.
12-yard piece for.....$1.03

No. 36H2647 White Longcloth. Fine and firm. Made from fine yarn, well bleached and finished. A 15 to 18-cent value. Yard wide.

12-yard piece for.....$1.84

PLAIN WHITE NAINSOOKS.

These fabrics, like our longcloths, have been placed in our stock only after exercising the utmost care possible in selecting each quality. Each number represents a distinct value, each one gradually growing a little better in quality, but we can assure you that in purchasing the most inexpensive grade the quality is equal to that which you would pay 4 to 7 cents a yard more for at all leading retailers. On the better grades the saving is even more pronounced. Nainsooks are a little lighter in weight than longcloths, and on account of their soft silky texture are greatly in demand for fine lingerie. They are all 36 inches wide, with the exception of No. 36H2707, which measures 39 inches and is put up 10 yards in a box and sold only in that way.

No. 36H2697 Plain White Nainsook. Fine and soft. A great value at such a low price. Yard wide.

No. 36H2701 High Class White Nainsook. Made of combed Sea Island cotton yarn. Very durable. Sold by all leading retailers at 25 cents a yard. Width, 36 inches
12-yard piece for.....$1.84

No. 36H2707 Pure White Nainsook. Made of combed Sea Island cotton. Beautifully soft and silky. Put up for us in attractive boxes containing 10 yards and sold only that way. You cannot equal this quality at 25 cents a yard elsewhere. Width, 39 inches.
10-yard piece, boxed.....$1.80

BIRDSEYE OR DIAPER CLOTH.

We are prepared to furnish Antiseptic Birdseye or Cotton Diaper Cloth in three popular widths at prices that really discount the wholesale market prices. These three numbers are all exactly the same quality, varying only in width. We have these goods put up for us by an Eastern mill, where they are woven, peached and finished under the most careful supervision. We guarantee this bleach to be chemically pure. After the goods have been run off the loom they are sealed in a package which is not broken until it reaches your hands.

PLAIN and FANCY VOILES, PONGEES, CREPES, PLAIN and MERCERIZED SUITINGS

15c NEW FOULARD STYLED FAST COLOR VOILES, WOVEN FROM SELECTED COMBED YARNS. A YARD

No. 36H3268 In this number we have combined two very desirable features of the 1912 wash goods season, the voile fabric and the foulard stylings. The construction of this voile is such as to insure unusual stability considering the weight, the materials used being fine combed cotton yarns of assured strength and evenness. The stylings consist of white polka dots on navy blue or black grounds, white stripes on navy blue grounds, brown polka dots on tan grounds, black hairline stripes on white grounds, etc. In ordering be sure to mention the combination wanted. These goods are 27 inches wide, and at our special price, a marvel of value.

Price, per yard.....15c

19c TWO-PLY FRENCH FINISH MERCERIZED VOILE. A SPECIAL QUALITY. A YARD

No. 36H3260 This is a Voile that we have made a big success of during the last season and everything points to another big season on this class of fabrics. This voile is the usual 25-cent article; it is woven of fine combed cotton yarns; guaranteed two-ply both ways, with a mercerized or silk finish. It is superior to many of the 25-cent voiles on the market in that it has that much to be desired French wool touch. Colors all guaranteed fast, including pink, pongee or rich tan, medium brown, reseda green, pearl gray, light blue, Copenhagen blue, navy blue, old rose, garnet, lilac, cream-white, pure white or black. In ordering state color wanted. Width, about 36 inches. Price, per yard.....19c

17c 40-INCH PLAIN FAST COLOR VOILE. AN UNUSUALLY STRONG VALUE. A YARD

No. 36H3259 This Voile is full 40 inches wide and is much sought after. Fabrics of this kind retail freely at 25 cents a yard. This voile is not of as high quality, of course, as our No. 36H3260, but considering the extra width of the cloth it represents a phenomenal value. Woven of combed yarns and comes in the following fast colors: Copenhagen blue, old rose, lilac, tan, brown, navy blue, cream-white or black. Be sure to state color wanted. Width, 40 inches. Price, per yard.....17c

Mercerized Pongees, Etc.

10c MERCERIZED FINISH PLAIN COLOR PONGEE. NOTE OUR NEW LOW PRICE. A YARD

No. 36H3200 In reducing the price of this cloth we have not in any way reduced the quality; on the contrary, we think these goods are a little better this year than ever. This mercerized finish pongee is about 27 inches wide and represents the usual 18-cent value. Colors are light blue, pink, old rose, lilac, navy blue, dark gray, champagne, Copenhagen blue, brown, garnet, black or cream-white. Be sure to state color wanted.

Price, per yard.....10c

21c SATIN STRIPE SUITING. WARRANTED FAST COLORS AND A HIGH CLASS FABRIC. A YARD

No. 36H3203 This lustrous fabric is woven of selected combed yarns, mercerized before weaving, making it possible for the manufacturer to produce a cloth that is fully equal to silk in luster and with the additional advantage of outwearing any silk material two to one. The pattern consists of a solid color stripe and the ground of the fabric is a little way from the plain weave, presenting a slightly twilled surface which tends to increase the luster of the cloth. Colors are all fast and include pink, light blue, Copenhagen blue, navy blue, old rose, champagne, garnet, lilac, pearl gray, brown, cream-white or black. In ordering state color wanted. Width, about 36 inches. Full 35-cent value.

Price, per yard.....21c

18c FINE MERCERIZED PONGEE SUITING. 32-INCH WIDTH. ONE OF OUR GREATEST YARD SELLERS.

No. 36H3204 While of course there are Pongees in the market at all kinds of prices, some of them even lower than ours, we have constantly increased our business on this number and thus can maintain its high standard of quality. This fabric is full 32 inches wide and woven of selected yarns, thoroughly mercerized before weaving, consequently the luster is permanent and the colors absolutely fast. Colors, pink, light blue, Copenhagen blue, lilac, pearl gray, dark gray, garnet, reseda green, champagne, mulberry, light navy blue, dark tan, brown, old rose, ashes of roses, cream-white, pure white or black. 23c HANDSOME MERCERIZED SERGE IN FAST COLORS. A SUITING FABRIC A YARD OF EXCEPTIONAL QUALITY.

No. 36H3264 We especially ask you not to take this price as a means of judging the value of this cloth. These goods have all the appearance and the durability of a fine French serge selling at 50 cents a yard. The materials used and the process of weaving insure unusual durability. The very finest combed Sea Island yarns have been carefully mercerized before weaving, thus giving to the fabric that high luster that could not be obtained in any other manner. The weight is a little better than medium and the garment when made will have that graceful drape so much to be desired and usually found only in high priced costume fabrics. The weight of the fabric and the materials used enable the yarns to take on a depth of color that must be seen to be appreciated. The range of colors includes all the desirable costume shades and we feel positive that once you have used this fabric you will recommend it to your friends. Colors include tan, tobacco brown, Copenhagen blue, navy blue, old rose, garnet, dark green, cream-white or black. In ordering state color wanted. About 27 inches wide. Samples free on request.

THIS PAGE MEANS THE GREATEST POSSIBLE VALUE FOR EVERY PENNY

The term Mill Ends means the short lengths left after cutting a "warp" (as the mill terms a full uncut web) into proper lengths for the wholesale trade. Each piece contains not less than the quantity stated and the price is for the complete piece.

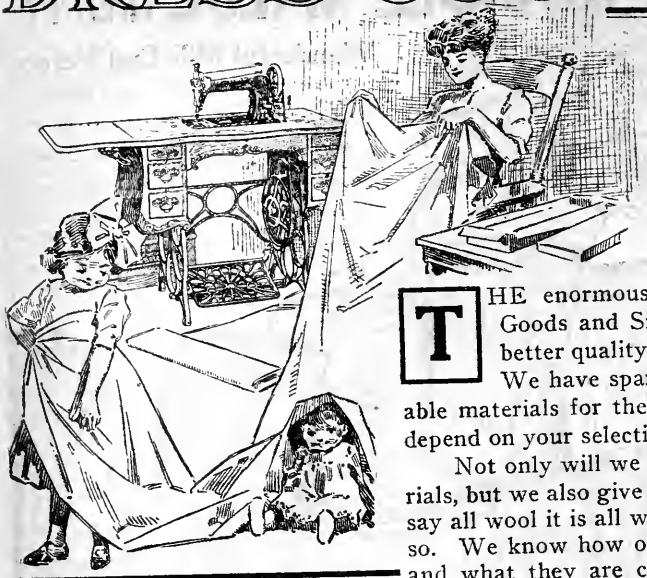
Wonderful Mill End Values

Look over this page of sensational bargains in genuine mill ends:

All perfect goods and the lengths are very practical for everyday use.

As our stock of mill ends is constantly changing we cannot guarantee to fill every number all through the season, though we shall try to do so. Should our stock of any of these mill ends become exhausted and we are unable to replace it, we shall omit the item from your order and you will not be charged for it. We hope to be able to fill all orders received, but these values are truly marvelous and we ask you to order early.

DRESS GOODS AND SILKS



at Lower Prices Than Offered Elsewhere for Same Quality Materials

Standard of Qualities Always Maintained. Styles Correct

THE enormous growth of our Department of Dress Goods and Silks is the best evidence that we provide better quality for less money than can be had elsewhere. We have spared no expense or time in collecting suitable materials for the spring and summer season, so you may depend on your selection being correct in every detail.

Not only will we save you money on the price of the materials, but we also give you the satisfaction of knowing that if we say all wool it is all wool, and if there is cotton in it we tell you so. We know how our goods are made, where they are made and what they are composed of. We deal directly with the largest mills in the country, whose output is critically examined for us, so you may depend on getting correct materials in every respect. When the goods reach us our own experts examine them, so that there is little or no chance of getting anything but just exactly what you order.

How to Order Dress Goods

Our Cleopatra Broadcloth

Width, 52 Inches.

$1.98 A YARD

No. 14H5270 One of the best and most popular Broadcloths on the market. It sells in the large city stores at $3.00 a yard. Has a very handsome appearance, rich soft finish and comes in a weight suitable for early spring wear. We will send free samples if you will write and ask for them, but you can send your order direct from this description under our guarantee that you will be perfectly satisfied. You will see at a glance that the quality is exceptionally high and needs no emphasis. **Colors, tan, old rose, Alice blue, royal blue, gray, brown, wine, myrtle green, navy blue or black. Mention the color you prefer and also second choice.**

Bearskin Coating Cloth

Width, 48 Inches.

$1.95 A YARD

No. 14H5320 This is an exceptionally fine cloth, mostly used for children's coats and baby carriage robes. Has a long silky nap and comes in a very desirable weight. Will not become flat and mussy like some cotton mixed fabrics sold for the same purposes. Can easily be cleaned when soiled by sponging it with soap and water. You will readily recognize the quality as similar to that sold in city stores at $2.50 a yard and upward, and at our price you will make a substantial saving on each yard. Select from these colors: **Cream, brown, gray, navy blue or black.** State color wanted and give second choice.

Fine Black Ponyskin Cloth

Width, 54 to 56 Inches.

$2.25 A YARD

No. 14H5330 The great width of this cloth makes it possible for most every one to possess one of the extremely popular ponyskin coats at a very small expense. The appearance of the cloth is almost equal to the rich, high priced genuine furs. The cost of the material and making of the coat combined will be small when compared with the high prices of costly furs, and will render practically the same service. Send us your order for this handsome cloth and when you receive it show it to your friends. They will surely agree that it is a remarkable value from every standpoint. Comes in black only.

Mohair Finish Fancy Striped Serge

Width, 36 Inches.

38c YARD

No. 14H5139 Excellent grade Fancy Striped Serge, firmly woven, made of cotton and wool mixed. The hard mohair finish gives it the appearance of all wool, but it will render far better service than any wool fabric you ordinarily buy at 38 cents a yard. The lasting qualities of the cloth will fully prove this to be a splendid value and will satisfy you in every respect. Choose from these shades: **Gray, tan, bright red, wine, navy blue, myrtle green or black. Mention color you desire and give second choice.**

Standard Nun's Serge—Fine Quality

Width, 54 Inches.

$1.00 A YARD

No. 14H5152 Undoubtedly the very best all wool Nun's Serge obtainable anywhere in the country at $1.00 a yard. One of our select numbers, medium in twill, between a French and a storm serge. Fine, smooth and firm of texture and of a quality such as will give the utmost wear and satisfaction. Our price for this cloth is very low compared with what others ask for similar goods. It is a special value. **Colors, tan, brown, gray, royal blue, myrtle green, wine, navy blue or black. State color you want and also second choice.**

Pebble Weave Momie Cloth

Width, 54 Inches.

98c A YARD

No. 14H5361 A handsome fabric in a very fine pebble weave, nothing but the purest kind of wool being used in its construction. It is made to our order, only very select yarn being used to secure the proper effect in the finished weave. This momie cloth is an exact reproduction of an imported cloth that costs $2.50 a yard. We will send samples free on request, but you can order direct from this description under our positive guarantee that it will please you and give the utmost satisfaction in every respect, or we will return your money. Comes in navy blue or black. State color desired.

All Wool Unfinished Worsted

Width, 54 Inches.

$1.05 A YARD

No. 14H5367 This is a handsome Unfinished Worsted offered at the above price for the main reason that there are not many colors to select from, but if the colors we quote suit you, you will get splendid value. It is strictly all wool, similar to a serge, only a little rougher surface. Especially adapted for hard wear. Nothing better for a separate skirt. We guarantee it to be right in every respect and will return your money if it isn't satisfactory in every way. **It comes only in navy blue, black or plum color. State color wanted.** Samples are free. See page 62.

All Wool Striped Panama

Width, 36 Inches.

48c A YARD

No. 14H5388 A favorite all wool fabric, made from pure worsted hard twisted yarn, has a crispy texture and will easily resist the dust. A style and quality not equaled anywhere at our price. The neat self tone stripe running the long way of the goods gives this cloth a very desirable, neat appearance. We will send samples free on request, but we give you the assurance of perfect satisfaction if you order from this description. Select from these colors: **Brown, wine, bright red, myrtle green, royal blue or navy blue. Give color desired and also second choice.**

BIG VALUES IN PANAMA AND FANCY DRESS GOODS

Cotton and Wool Prunella

Width, 36 Inches.

38c A YARD

No. 14H5394 This is a very neat and attractive Suiting material, highly finished and so perfectly woven that it looks like all wool goods. It will wear better and prove more satisfactory than fabrics usually offered at such a moderate price. The fact that goods of this class will render better service because they have a mixture of cotton in them is especially true of this cloth. Sells for almost double our price in city stores. These colors to select from: **Reseda green, brown, wine, blue or gray. Please mention color desired and give second choice.**

Reliable All Wool Colored Panama

No. 14H5390 Width, 36 Inches.

Comes in a beautiful rich deep black color only.

Fine Quality Black Japanese Silk

Width, 27 Inches.

69c A YARD

No. 14H6600 This silk is woven on band looms by the most expert weavers in Japan and is imported directly by us. One dollar a yard is the uniform price this same handsome Black Habutai or Japanese Silk is sold for in stores the country over. We will send you a free sample of this silk if you write and ask for it. Compare it with the average $1.00 silk; they'll match. We offer it as a high class silk and a value that competition cannot equal. This silk will wear much better and longer than silks that have been dyed with the commonly used mineral dyes, because it is dyed with pure aniline color. **It comes in black only.** As a material that will give good service we recommend it very highly. We guarantee it in every way and you may feel safe that you will be pleased if you send us your order direct from this description. Money back if you are not satisfied.

58c A YARD

Width, 18 Inches.

No. 14H6905 This is a medium weight well made Black Velvet, silk faced and has a short close nap. A splendid looking, rich, deep fast black shade. If you want a nice waist or whole costume this velvet is very appropriate; also if you want to use it for trimming purposes. It is far better grade than you would ordinarily expect at 58 cents a yard; others ask all of 75 cents a yard for the same cloth. We are sure that it will please you in every way. You may safely order it direct from this catalog and you will realize what savings you are afforded if you buy from us. Black only.

Beautiful Silk Faced Black Velvet

79c A YARD

Width, 18 Inches.

No. 14H6914 A very well made, durable Velvet with a deep heavy pile of pure silk and evenly woven back which prevents the nap from pulling or rubbing out. Comes in a very rich lustrous black. Garments from this velvet wear well and look rich and attractive. At our price it costs a yard you make a substantial saving. You have to pay $1.00 a yard for it in the retail stores to be perfectly satisfied with your purchase. It is also desirable for millinery purposes. We will mail a sample free on request. Comes in black only.

Empress Silk Faced Black Velvet

98c A YARD

Width, 18 Inches.

No. 14H6931 This will surely be another great season for velvets. The demand for velvets has greatly increased, especially for the better grades, and we are confident that this number will be far more popular than ever before and will, as in seasons past, more than please the most prudent buyers. It is limited direct by us. You would pay not less than $1.35 to $1.50 a yard in retail stores for this quality. Comes in a proper weight for fashionable, dressy garments. You will profit by ordering this number from us if you want quality better than the ordinary. Comes in a beautiful shade of black.

Finest Black Silk Velvet

$1.25 A YARD

Width, 18 Inches.

No. 14H6941 This is the finest quality of Silk Velvet we offer. It is far above what the price would suggest, because others ask $1.75 to $2.00 a yard for the same quality. In fact, this grade of velvet is usually found only in the large retail stores and fashionable dress goods shops, being too expensive for the average merchant. We always recommend the better grades, as they are the cheapest in the end and will fully repay any extra expense in the wear and service. Looks stylish and will wear well. Comes in black only.

Special Black Paon Velvet

59c A YARD

Width, 17½ Inches.

No. 14H6945 A Velvet, softer and more pliable in texture than the ordinary kind and it is extremely durable. Has a smooth all silk face with a well made back and will give you satisfaction for any purpose for which velvet is adapted. We sell this quality velvet as a very good value at 75 cents a yard. We guarantee this pretty black paon velvet to be superior to anything you can buy anywhere at our price. A sample of this cloth will convince you that we save you money on velvets. A special value. Comes in rich shade of black.

Best Silk Faced Black Paon Velvet

75c A YARD

Width, 17 Inches.

No. 14H6971 This silk faced Black Paon Velvet is the best value you can get for your money anywhere. Has a very soft silky pile and is closely woven. An elegant cloth for waists and millinery purposes; drapes very beautifully. Write for a free sample. We are sure you will send us your order the moment you see and feel the goods. However, you can safely order direct from this description and if the goods is not exactly what you expect when you receive it, return it at our expense and we will return your money or exchange for other goods if you so wish. Comes in black only.

Velour Costume Corduroy

59c A YARD

Width, 27 Inches.

No. 14H6976 This Velour Costume Corduroy is used extensively for whole suits or riding skirts, as well as for boys' suits, blouses or any other garment where you desire style and quality combined. Very rich in appearance and looks like velvet. We import it direct from Manchester, England, where it is woven, and know it will wear. Comes in these colors: White, beaver, tan, brown, wine, navy blue, myrtle green or black. When ordering be sure to state the color you prefer and also give a second choice. Samples mailed free on request.

This quality of embroidery is never sold elsewhere at at low a price as we name. In fact, there are very few narrow width embroideries on which such a good quality of cloth is used. The embroidery is very well executed, and it gives you the opportunity to trim your garments with a very good quality of embroidery at a price that is less than is asked for inferior qualities. This is the ideal embroidery for underwear and children's dresses. You will be more than pleased with the value you get. Order by catalog number, giving number of pattern desired. Width, about 4¼ inches.

This is one of the greatest assortments we have ever been able to secure. We had these goods made for us by a manufacturer who makes only the finest embroideries. During a dull season he accepted a very large contract from us at an extremely low price, enabling us to offer this number to you at a price heretofore unheard of for embroidery of this quality. The goods are beautifully embroidered on a much finer cloth than is generally used for this purpose, a cloth that is only used by the finest trade, and the embroidering is in keeping with the cloth. Therefore, you are getting an exceptional value when you buy this number. You are getting the kind of embroidery which means satisfaction in every yard. Width, about 6½ inches. **Order by catalog number and give number of pattern wanted.**

GOLD LABEL EMBROIDERIES, NONE BETTER MADE

"Gold Label" Embroideries are the best products of the highest class artists, whose work is not excelled in this line. They are as near perfect as embroideries can be made. This line will appeal particularly to those who always like to have the best but cannot afford to pay the extremely high prices asked by others for like quality. Our prices are just about one-half what you would have to pay for embroideries of similar quality elsewhere, provided you could secure a quality as good in the large department stores. We are the only house in the United States selling these exquisite "Gold Label" embroideries. They are made on the sheerest and finest cloths with the best quality of thread and are closely stitched in nice lacy designs; in fact, you would readily believe they were hand embroidered, and we know that the possession of such fine embroideries for your wardrobe would give you a world of satisfaction. A glance at the illustrations will readily prove to you that the designs are so different from the regular run of embroideries that they will lend exclusiveness to the wearer and add character to any costume. While they cost a little more than ordinary embroideries, you will find them cheaper in the long run, as you will never tire of wearing them, and being so exceptionally well made, they naturally will last much longer.

Wire Edge Silk Taffeta Ribbon at 18 Cents a Yard.

No. 25H3008 Wire Edge Ribbon is the most practical and greatest time saving millinery trimming, as it does away with the necessity of wiring the ribbon by hand. It has a fine piano wire running through the cord on each side. It is just the thing for millinery purposes or for hair bows, as you can see from the sereplane bow, the style shown in our illustration. When this ribbon is folded the wire naturally will be bent; all you have to do to get it perfectly straight is to run it over some hard surface and it will bend into any shape desired. Comes in black, white, pink, light blue, Alice blue, navy blue, brown or cardinal. State color desired. Width, about 4½ inches. Price, per yard..... **18c**

THE CELEBRATED LINDSAY HOSE SUPPORTER.

The Lindsay Hose Supporter has a well deserved reputation of being the best hose supporter made. It is one of the oldest brands on the market that has stood the test of time and the quality has never been sacrificed to meet a price. In fact, it has always been the aim of the manufacturers to see how much better they could make the Lindsay Hose Supporter than any other on the market.

By placing a large order we induced the manufacturer to make the Lindsay Hose Supporter for us exclusively with wide 1-inch elastic webbing. We have sacrificed part of our usual small profit, as we want to give you a hose supporter that will give satisfaction every day you wear it, and also to give you the biggest and best value for your money it is possible for you to obtain. We have perfect confidence in these hose supporters and we want all our customers to try them: Comes in black or white. State color wanted. Shipping weight, 3 to 4 ounces.

GOLDEN CROWN KNITTING YARNS.

These splendid yarns are made for us from the best quality of raw wool, carefully selected, properly spun, very elastic and lofty. You can have every confidence in our Golden Crown Brand of Knitting Yarns, for there are none better. The weights we give in every instance are manufacturers' weights and are liable to be more or less than the avoirdupois pound; this difference is caused by the change of weight after dyeing different colors; therefore, we cannot give you the exact weight in ounces. We give full measure according to the standard of yarn weights. Yarns are always sold in this manner. Our prices speak for themselves; no one sells as good a quality of yarn at so low a price.

EIGHT-FOLD GOLDEN CROWN GERMANTOWN KNITTING YARN.

No. 25H4672 Our Golden Crown Eight-Fold Germantown Knitting Yarn is the correct yarn to use for making the new motor toques or aviation caps. They are greatly in demand at the present time. In fact, they are the most sensible toque or cap for ladies' and children's wear. They are warm, easily washed and very attractive in appearance. Our Golden Crown Eight-Fold Germantown Knitting Yarn is the style of yarn to use for this purpose. If you crochet your own cap or toque, you receive a better quality at a lower price than you would have to pay if you bought the toque already crocheted or knit on machines. Besides being used for toques, this yarn is also used for ladies' jackets, legging drawers for children, Afghans and bed shoes. Can be ordered in the same colors as our No. 25H4670. When ordering state color desired. With every order we will send instructions for making caps.

FAST COLOR.

BENGAL ARABIAN DYE IS OUR OWN BRAND. On account of the low price we have always made on embroidery silk we have consented to adopt our own brand in order to protect the manufacturers of embroidery silk because of the pressure brought to bear upon them by the large retailers, jobbers and other mail order houses throughout the country. Rather than advance our price we have established our own brand, which we assure you is the same quality of silk as we have been handling heretofore and which our customers very well know it under the Bengal brand. You can use the color cards which you now have in your possession. Our new color card for our own special brand of Arabian Dye to be the best embroidery silk made. Send for it. We guarantee the Bengal Arabian Dye to be the best embroidery silk made, absolutely fast colors, and to give complete satisfaction.

Leather Pillow Slips.

No. 25H4974 Full Size Leather Pillow Slip of first quality velvet sheepskin, properly tanned; the best leather made for pillow slips. Comes in Indian head or polosettia design. The Indian head is burnt in the leather and the polosettia is appliqued in red velvet and is beautifully executed. The fringe is closely cut and very long. The front of the pillow is a sort of dove tan color while the back is red, making a very pleasing contrast. Size of pillow, not including fringe, 18x18 inches; size, including fringe, about 21x26 inches. Shipping weight, 21 ounces. **Mention design wanted.**

Price, each..... **$3.75**

No. 25H4976 We wish to call particular attention to the quality of leather used in these slips. We guarantee it to be of good quality sheepskin, and not the split leather that is being used by others in pillow slips sold at this price. The shade of leather is a light tan, made in three designs. Furnished, as illustrated, in design of two kittens with mouse. We can also furnish head of Indian maiden and American beauty rose designs. The American beauty design is appliqued on the leather in velvet. The slips are fringed as shown in illustration. State design wanted. Shipping weight, 21 ounces.

REAL FRENCH CURL PLUMES

ORDER AT OUR RIS

A FEW FACTS ABOUT OUR FRENCH CURL PLUMES.

They Contain Only Hard Male Stock.

The width of the flue is quite generous and in good proportion to the length of the plume. They are most carefully dyed and curled.

One of these plumes will outwear three of the ordinary kind made of soft fluffy stock.

They are the easiest style of feathers with which to trim, as they lend themselves easily to almost any shape. They make a bigger showing on the hat because of their long sweeping effect.

Wearing an ostrich plume is the real test of its qualities. Looks are very deceiving; you should buy ostrich feathers from people in whom you have confidence.

In the price list on the opposite side of the page you will find a saving of one-third over retail prices.

BEST QUALITY OSTRICH TIP

ALWAYS IN GOOD STYLE, EASILY APPLIED.

RICH LOOKING COMBINATION WITH OSTRICH FEATHER BANDS.

Our three in a bunch Ostrich Tips are made of the same uniform high grade quali as used in all of our other lines of ostrich goods, a quality which will give the best and satisfaction. Tips are in great demand for trimming turbans as well as all kinds shapes which will not carry a large plume. Only the head of the feather is used in th ing up of the tip, length being of little consequence, as the chief point of value in an of tips, next to the grade of feathers used, is the rich appearance given by the wid better the tip, the wider and heavier the head. We recommend the better grade o for the wider and fuller the plume or tip is the longer it will keep its rich app

nportant Notice About Untrimmed Hats, of Interest to All Women

The six hats illustrated below (not on heads) represent the leading styles of braid that be used in hats worn during the spring and summer season of 1912. They are all oductions of actual photographs and are for the purpose of showing you, as nearly as ible, how the different braids look. You can judge the quality and fineness of these ds by noting the number of rows sewed to each inch in width. For example, our satin finish Shansi braid sews about four rows to the inch, while our genuine patent Milan braid sews about eight rows to the inch. This fact not only proves that fine texture is an item of quality, but that a braid which sews eight rows to the inch requires more yardage and more labor than that which sews four. The illustrations of untrimmed hats on this page may help to guide you in your selection of other untrimmed hats on pages 114 to 116 where we offer you a choice of several different braids in the same style.

Satin Finish Shansi Braid.

LOWER PRICES, HIGHER QUALITIES, BETTER STYLES, LARGER ASSORTMENT THAN EVER BEFORE

It Is the Purpose of This Announcement to Better Acquaint You With a Few Interesting Facts Abo Our Millinery Department; Facts Which You Should Take Into Consideration Before Buying the Fam Headwear for This Spring.

Our styles are originated by a force of the best designers in New York and Chicago. Many are copies of patterns brought direct from Paris. It is our aim to create styles to suit every taste: For those who wish to follow Fashion's latest fancies; for those who prefer modified styles, and for those who desire the most simple trimmings artistically applied.

Price is a consideration which should be foremost in the mind of every economical woman. The fact that we are manufacturers eliminates the profit of both wholesaler and retailer and results in your saving 33⅓ to 50 per cent.

We are prepared to give you better service than ever before, quick deliveries, by reason of greater stocks on hand awaiting your order, and safe delivery in good condition, by reason of better packing. These are features which few firms can duplicate.

The superior quality of our hats can best be judg by you, as a purchaser. We are featuring better workmans and good materials. We do not promise to deliver a $5.00 for $1.95, but if you have been in the habit of paying $5.00, can safely select any one of our styles ranging in price fr $2.75 to $3.25, and be sure of getting a $5.00 value. A proporti ate saving applies throughout our line.

Add to all of these facts the knowledge that you are absolutely final judge of any hat which you buy from us, and if you are not fectly satisfied with the style, quality or becomingness when recei you are free to return it at our expense, and we will **cheerfully** exch it for other goods or return your money, as you may desire. Absolu no strings tied to this guarantee. We mean every word we say.

Beautiful Wavy Gray Switches.

No. 18H4378 Our prices for wavy gray hair switches are only slightly higher than the prices asked for the straight quality, being of the same high standard, the slight difference being necessary on account of the greater scarcity of wavy hair. The following prices are for shades more than sprinkled, but no more than three-quarters gray.

Weight	Length	Price
1 ounce	18 inches	$2.25
1½ ounces	18 inches	2.95
1¾ ounces	20 inches	3.69
2 ounces	22 inches	4.48
2½ ounces	24 inches	5.25
3 ounces	26 inches	6.48

If your hair is more than three-quarters gray, that is, all white or nearly all white, send us your sample and ask for our prices. Be sure to state length desired. We can surely save you a great deal of money on such shades.

How to Order Hair.

First—Read our descriptions carefully.

Second—Make a note of the catalog number, size, weight and price quoted.

Third—Enclose a long sample of your hair, cut as close to the roots as possible (no combings), and see that it is well tied together.

If your hair is darker at the roots than at the ends, state whether you desire us to match the dark or light part.

Fourth—Enclose our price, with 5 cents extra for postage if mail shipment, mail us the order and we will deliver promptly and assume all the risk of satisfying you.

Time Required to Fill Orders.

Hair switches or braids, five to eight days if ordinary shades; eight to fifteen days if difficult extra shades.

Fancy headdresses, curls, pompadours, etc., eight to twelve days, according to shade and style.

We usually handle orders in less time than stated above, but give the extreme number of days in order to avoid unnecessary correspondence on your part or ours. We cannot purchase or make hair goods to order from combings.

Our Great Value XX Quality Straight Hair Switches at Reduced Prices.

What You Can Expect When You Buy One of Our Special Feature Suits

WE HAVE made for ourselves an enviable reputation for providing big values for our special feature pages. We are proud of this fact and take pleasure in always living up to our claim of being able to offer the very best values for the money that it is possible to obtain. This season all our ingenuity for getting the best the market affords, at the lowest prices, was brought to bear in selecting our two feature suits. Nothing was too good for us. We were as critical as a bride selecting her trousseau. We didn't stop until we were actually convinced that we had found a fabric which could not be duplicated under a third more than the price we intended to ask. Not only must the fabric be the best, but the style must be unquestioned, correct in every detail, so that the two suits on our feature page would be worthy examples of our high quality and low price policy. If when you receive your suit you do not think that it justifies all our claims for it, we want you to return it to us and we will cheerfully return your money and all transportation charges you have paid.

$15.00

Please notice that in this feature suit at $15.00 we give you a fine all wool French serge, the fabric which bears the stamp of Fashion's approval, both in New York and Paris. We are able to offer this $25.00 to $30.00 suit at $15.00 for the following reasons: First, by buying in such immense quantities we are able to obtain unusual price concessions. Second, the suits of the present season do not require as much material as in the past. And, last, the tremendous number of suits we sell enables us to work on an exceedingly small margin of profit. The coat is cut in 26-inch length, trimmed in new effect with national stripe silk and salt water pearl buttons. Lined with peau de cygne silk. The skirt is a smart six-gored model with floating panel front and back, finished with silk fringe. Although straight hanging, the skirt has plaits at bottom which give it a sweep of 3½ yards. **Give measurements.** Shipping weight, 5½ pounds.

Even the woman who hasn't had a suit for several seasons is going to buy one this spring, because everybody is wearing tailored suits. Now if you want a stylish spring suit that you can wear with pride and comfort in style, workmanship and fit, and yet know that you have made a clear money saving of at least $10.00, then this is the suit you are looking for. It is made of a fine pure wool worsted in self stripe effect. This is a light weight, hard finish suiting fabric which is always popular and in good style. The coat is cut in the correct 26-inch length and charmingly trimmed with an inlaid collar of two-tone green silk. Lapels appliqued with green and gold Persian embroidery. Lined with yarn dyed guaranteed two-season satin. The six-gored skirt has full length shaped panel front and back, trimmed with ivory buttons. Our Special Feature House Dresses

They Will Make People Recommend Us

EVERY year we have feature pages on which we try to give our customers something better than they have ever had before at the price. Our regular customers know this, and have learned to look forward with interest to our feature offerings. This year we decided to offer you three dresses that will be such big bargains that every woman who buys one of them will tell all her friends of the splendid dress she received and the money she saved by buying from us.

When you look at these illustrations and see the price, don't think of the regular $1.00 dresses you are in the habit of seeing. Think, rather, of a dress which has more than a dollar's worth of good, honest material in it, a dress that would cost you at least $1.00 to have made, or more than a dollar's worth of your own valuable time. Then think of this neat, stylish dress, all made, ready for you to put on, with no worry about buying materials, cutting, fitting and making. And all this for $1.00.

Sizes: From 34 up to and including 44 inches bust measure. When ordering, be sure to give bust measure.

Three Choice Flowers From Our Garden of Dresses

THE beautiful spring colorings in our line of dresses will remind you of an old fashioned flower garden. Every flower is represented. The delicate lavender of the lilac, the velvety purple of the pansy, the dazzling white of the snowball and the beautiful shades of the rose. Never before has it been so hard to select dresses that would stand out as better values than all the rest. We have been as careful as any gardener that no weeds of bad style, poor workmanship or shoddy material should creep into our garden of dresses, till, really, each one seems prettier than the rest. At last—like the woman who loves all her flowers, but always comes back to the dainty white rose—in selecting dresses for our feature page we seemed always to come back to the three "prize winners" which we offer you on this page. Every one—you'll say it when you see yours—is a good $10.00 value. Each model has an indefinable style and charm about it that you would never expect in a dress at this low price. They are all as carefully made as any $10.00 dress. The materials are of the grade usually found in much higher priced dresses and some of the trimmings are imported. So, no matter which model you select, each one is a prize.

No matter for what occasion you need a dainty dress, whether for Sunday morning at church, or for an evening wedding, for a picnic in the woods, or a party dress in the winter, this exquisite embroidery frock is perfectly appropriate. It is as pretty in the back as it is in the front. A perfectly made, all around dress that you can depend on to give you more good, honest service and satisfaction than two ordinary dresses at this price. The material is a fine Swiss allover embroidery, daintily trimmed with French Valenciennes lace and insertion. Made in that charming one-piece style which is becoming alike to stout or slender figures. The waist is made in the fashionable sleeves and body in one style with square neck and elbow sleeves trimmed with Valenciennes lace extending under scallops. Skirt has an all around flounce. Average sweep, 2¾ yards. **Give measurements.** Shipping weight, 24 ounces.

This is a dress that will make a special appeal to women of refinement, as it is made in a smart yet conservative style with trimmings of the daintiest pin tucks, fine quality English torchon lace and real St. Gall embroidery. The trimmings are handled in a manner to give a graceful, dressy effect without making the frock overtrimmed. The design selected for this dress is the popular one-piece style, closing in the back. The material is a fine sheer quality of Persian lawn, trimmed with the lace and embroidery before mentioned. The waist is made in collarless, short sleeve style. A new feature is the wide band of tiny tucks which extends all around skirt at knee. A detachable dickey and high collar of lace will be furnished on request without extra charge. Average sweep of skirt, 3 yards. **Give measurements.** Shipping weight, 30 ounces.

The girl who doesn't love pretty clothes has yet to be born; and no stylish girl likes to wear a dress that is too old for her. So in selecting a misses' model for our feature page we determined to pick out a dress that was exceptionally smart and girlish—one that could in no way be confused with a woman's dress. Look at the picture and you will see how well we have succeeded. Here is a dress that is the embodiment of youth and grace. It is made in the new short waisted effect with set-in kimono sleeves and collarless neck. Material is a fine sheer lawn, trimmed with English torchon lace and insertion, Swiss embroidery and tucks. Hemstitched beading is used to attach waist to skirt and finish armholes. The short waist is finished in coat blouse effect, having lace edged frill at waist, and lace side frill. Dress closes in back. Average sweep, 2¼ yards. **Give measurements.** Shipping weight, 24 ounces.

French Underwear

Style and Finish

This splendid array of beautifully embroidered garments direct from Paris will appeal to every lover of dainty lingerie. Nearly every article is entirely hand made—not a machine stitch to be found. They were hand stitched and embroidered by expert needlewomen in their homes in France. American patterns have been used in the cutting so as to better fit our American women. The detail of workmanship and finish on every piece is admirably executed and any woman may well be proud to add an assortment of these dainty garments to her wardrobe. They cannot fail to gratify the most refined taste.

Gowns, Corset Covers and Chemises in sizes 34 to 44 inches bust measure. Skirts, 38 to 44 inches long; Drawers, 23 to 29 inches long. Be sure to give measurements.

If mail shipment is necessary, send postage extra, 1 cent an ounce.

Registered in U. S. Patent Office, No. 82367.

WE MAKE THEM AND MAKE THEM RIGHT

The many thousands of Rusleen Petticoats we sold during the past few years have given the very best of satisfaction. We use this cloth because we absolutely know the whole process of its construction; by whom it is made and how it is dyed and finished. While it costs us more today to have it manufactured than formerly, with our enormously increased sales in petticoats, together with the fact that our factories are much better equipped to turn out better work more economically, we have been able to save you money on the finished petticoats.

The prices of these petticoats are much lower than heretofore, and we feel certain that you will agree that the styles are much better.

Rusleen cloth is a special brand of our own and cannot be bought elsewhere. We believe it is the best wearing petticoat fabric made in this country, and comes **NEARER IN LOOKS TO A TAFFETA SILK** than any other fabric we have seen.

Lengths, 38, 40 and 42 inches. When ordering be sure to state length. We make them and make them right. Average shipping weight, 22 ounces.

WE MAKE THEM AND MAKE THEM RIGHT

Petticoats

To our customers who have never bought our Rusleen Petticoats, let us explain that they are made from a very fine, closely woven cotton fabric known as Rusleen. This is a cloth that is used only by us, being especially finished for our use, and we believe that it is **the greatest rival of taffeta silk.** It is light in weight and has a lustrous silky finish. In handling, the rustle is almost identical with taffeta silk.

Our petticoats are made in our own factory under the most sanitary conditions, and every care is given to the slightest detail, so that you are assured of getting full sizes and perfect workmanship, together with the best styles that our designers can develop.

Lengths, 38, 40 and 42 inches. When ordering be sure to mention length. We make them and make them right. Average shipping weight, 22 ounces.

MESSALINE AND TAFFETA SILK GUARANTEED PETTICOATS

MADE IN OUR OWN FACTORY.

With the exception of the messaline petticoats, they are all made of the same grade taffeta silk, being priced according to style and trimming, at $2.98 to $4.48.

THIS SILK IS THOROUGHLY INSPECTED AND WATCHED from the time it comes in the bales raw, during the process of weaving, dyeing and finishing, to prevent any imperfections from creeping in.

IT IS MANUFACTURED UNDER THE VERY SAME PROCESS EVERY SEASON, and it is the BEST and MOST DURABLE silk for the manufacture of petticoats that it is possible to secure.

All our petticoats are DOUBLE STITCHED, with no raw edges, and have a STYLE and HIGH CLASS FINISH that is hard to find elsewhere.

OUR GUARANTEE IS BROAD, SWEEPING and GENEROUS and MEANS simply that if you are not satisfied with the wearing qualities, style, fit, finish, or for any reason whatever, we will be glad to have you return the goods for exchange, or for return of your money and all charges.

LENGTHS, 38, 40 and 42 INCHES.

EXTRAORDINARY VALUE IN GIRLS' WHITE LAWN DRESSES, AGES 6 TO 14 YEARS.

After the close of every season all merchandise not to be continued in the next catalog has hitherto been gathered together and sold as a miscellaneous lot to jobbing houses at a very low price. However, rather than sell these odds and ends at just half the price they usually sell for, we have collected them together and are giving you the benefit of this sale. Although we have not the space to picture them, they are all pretty styles of nice quality lawn, trimmed with embroideries, laces, etc., in prices ranging up to $2.25 and more, and any style we send you under this number we know you will be more than pleased with; if not you can return the garment to us for exchange or return of price paid, together with all shipping expenses.

MATERNITY OUTFIT for THE MOTHER

SPECIAL—NEW—IMPROVED

No. 29H202 Price, complete, neatly packed, $7.50

In presenting to the patrons of Sears, Roebuck and Co. the Maternity Outfit with accompanying instructions as to its use, it is not our purpose to replace the family physician in any respect, but to work only in conjunction with him. It is a noteworthy fact that nearly every mother puts off until the last the buying of needed supplies preparatory to the approaching birth of her child, with the result that only a few are prepared. There are several reasons for this; chiefly the natural procrastination of many people; the reluctance of many to consult a physician until forced to do so by approaching birth, and lack of information on the part of so many mothers, especially at the first birth, that there is need for preparing any supplies besides the baby's clothes; furthermore, the inability of the mother or doctor to gather together these various articles in the average town or city. To meet this long felt need we have had an instructor in the Department of Obstetrics in one of the leading medical colleges of our country prepare for us a practical yet simple maternity outfit which contains all the supplies necessary for the use of the mother, doctor and the nurse at the time of labor. He has also written a pamphlet to accompany the outfit to instruct the mother in making up the supplies. It would be advisable to show this list to your family physician for his approval and ascertain if he desires any additional supplies to be prepared.

Very truly yours,

Eliza Emerson Goff.

Full Instructions Accompany Each Outfit.

The tremendous buying powers of our institution make it possible for us to quote at this very low price an outfit such as could not be duplicated elsewhere for less than $10.00.

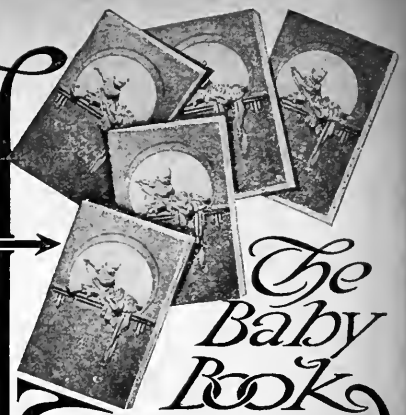
Maternity Corsets and Waists from the pages of The Baby Book



NOTE—In ordering Maternity Corsets, where you do not know your exact size, take your measure at the waist line over the corset which you are now wearing, and deduct 2 inches from the number of inches shown by the tape; this allows for the spread of lacing in the back. For example, if your waist measure is 23 inches over your corset, you should order corset size 21. Please do not apply this rule to a measure taken without your corset on.

WE QUOTE in this big General Catalog complete lines of babies' and children's wear, but to meet the increasing demand for infants' wear of a higher grade, we have assembled a beautiful and dainty line of babies' wear—hand made and hand embroidered long and short dresses, skirts, sacques, wrappers, flannel goods, knit goods, muslin wear, headwear and footwear. Every article in this department represents the best value afforded by the domestic and foreign markets as to quality, workmanship and style, and obtainable heretofore only in a few of the largest and most exclusive retail stores in New York City. As the sale for this special merchandise is not so large as for regular lines, it does not warrant our quoting it in this General Catalog. We have therefore issued a special catalog which we call The Baby Book, and we will be pleased to send you a copy on request.

What The Baby Book Contains:

Materials and trimmings.
Patterns for making infants' outfits.

FOR THE BABY

Mothers' Own Ideas.

It is a mother's instinct to accumulate practical knowledge for the welfare of her babe, especially as regards outfitting of children. Realizing the value of this knowledge, we corresponded with hundreds of mothers who purchased baby outfits from us and with their assistance we assembled the outfits shown on these pages. These special outfits will greatly help the young mother who needs assistance in selecting her first outfit, as they are made up after the ideas of experienced mothers.

ROLY POLY DIAPERS

MADE OF ABSORBENT, ANTISEPTIC, BIRDSEYE CLOTH.

Our Roly Poly Diapers, or Sanitary Squares, are made of the best quality Birdseye Cloth. We wish to call attention to the fact that they are used not only for the baby, but also for other sanitary purposes; in fact, thousands of these are sold as face cloths and used extensively in barber shops and in private homes. They come in a great variety of sizes, neatly hemmed and sold only in packages containing one dozen.

Our Roly Poly Diapers are the best diapers on the market.

They are very absorbent, sanitary and have a nice soft finish. They are made specially for us, neatly hemmed on both ends and come one dozen in a package.

We offer you a large assortment of sizes, from 18 inches square, to the largest size, 27x54 inches. The prices we have marked exceedingly low, being in most instances just about the same as the wholesale houses charge the retail stores.

We buy direct from the mill, and ask only a very small profit.

Children's Knitted Waist Cotton Union Suits for Boys as Well as Girls.

No. 16H7095

Combination waist and undergarment. This garment met with a tremendous demand last spring, its sales have now grown to tremendous proportions. It is the most practical undergarment that has ever been put on the market for children. It has all the features of a perfect fitting union suit, and in addition has all the advantages of a waist. Properly strapped with the required amount of buttons to hold up the outer clothing, it does away with the necessity of an additional waist. This point has made it appeal to mothers as the most practical garment for children during the summer months that has ever been put on the market. Well made from selected yarn of good quality. Jersey elastic ribbed, perfect fitting. Pure white in color. Buttons down the entire front to crotch, drop seat back. Strapped with tubular bands, plenty of buttons strongly sewed on, pin tubes for the garters. Made for boys as well as girls. VENTILATED MESH WOVEN UNDERWEAR

Shirts and Drawers, 34c Each Garment
Union Suits, 69c Each Suit

HOT WEATHER UNDERWEAR.

Mesh woven underwear is the most practical and sensible underwear that can be procured for wear during the hot weather months. It is a flat knit cotton fabric and is woven full of small holes or openings, permitting a circulation of air between the body of the wearer and the undergarment. A regular ventilation system, it ventilates the body. Made from selected cotton of very fine quality. Ecru or cream in color. Splendidly made and finished throughout. The shirts and drawers are standard 50-cent garments in the big city retail stores the country over. The union suits positively could not be purchased for less than $1.00 each suit. At our prices these values are exceptional and will make you a big saving.

GET THIS FREE BOOK OF MEN'S READY-TO-WEAR CLOTHES

Cover of this book done in four-color poster effect from painting by J. Vaughn McFall, the well known illustrator.

A HIGH CLASS fashion book of men's clothes, compiled by authorities on the subject. Full page fashion plates in colors and actual cloth samples place before you information condensed in an easy, comprehensible form on all questions pertaining to colors, weaves and styles for spring and summer, and the clothes that should be worn on business, dress and outing occasions. Information that every man who has a care about his appearance and the clothes he wears must have. Also a reliable index on clothing prices and values. Shows you what to buy and how to buy to the best advantage. A book that will make you thoroughly informed on every angle of the clothing subject. We will send a copy free to any interested person. Write postal card or letter and ask for free Sample Book No. 89H, or free Sample Book of Men's Ready to Wear Clothing for Spring and Summer.

Quality Efficiency in Men's Clothing On a Bigger Scale Than Ever

The day when ready to wear clothing was associated with the man satisfied with average quality is past. Today the best dressed men everywhere, those who are critical and demand the best, wear ready to wear clothing bought from us, because it offers the most logical way of securing maximum high quality at minimum prices. A glance through our Sample Book shows quality efficiency in men's clothing developed on a scale never before attempted.

The richest patterns of the world's finest woolen looms, the exclusive styles of the most clever designers, the perfect work of a tailoring organization developed and trained after years of patient effort, every clothing idea, fancy or wish that the most critical dresser may entertain, are now to be realized at prices that heretofore could only bring you average quality at the best.

This high quality efficiency has been made possible only by our wonderful exact cost plus one profit plan of making and selling clothing. Improve the quality; eliminate unnecessary expenses, is the keynote of this plan. We operate our own shops. We buy materials in large quantities direct from manufacturers. We sell through our catalog only. There in a nutshell you have our plan. We control the quality through every step from start to finish, thus are able to produce any standard of quality that we decide upon. By eliminating the jobber, agent and other middlemen, we reduce the cost by at least 40 per cent. We deliver you clothes satisfaction by the shortest and least expensive route.

Khaki Clothes For Outdoor Sports

E FOR SAMPLE BOOK No. 89H IF YOU WISH TO SEE CLOTH SAMPLES.

This clothing is specially designed for outing wear, motorcycling, motoring, fishing, camping, hunting, tennis, golf and general knockabout purposes requiring serviceable and comfortable clothes. Uncle Sam has selected khaki for the summer uniforms of the army, a selection made after the most thorough tests. You certainly cannot do better than to follow his choice. Outside of the extremely low prices, the noticeable feature of our khaki clothing is the fine workmanship and neat finish that you find in it, something that you don't find in the average khaki clothing on the market.

THE *Excellall* BRAND | THE *Ucanttear* BRAND

THE HIGHEST QUALITY AT LOWEST ONE PROFIT DIRECT FROM MAKER TO WEARER PRICES

Our EXCELL-ALL clothing for young men has no equal in the country for style and quality at our prices. Young men are clothes critics and EXCELL-ALL clothes are made to please them. That we have succeeded is proven, first, by its reception at the hands of the purchasers, and second, the large volume of our sales. "The finest clothing we have ever seen" expresses the general approval of purchasers. "Get us the finest patterns and all wool fabrics that the market offers. Design us the newest and most original styles. Develop these styles and fabrics into clothes that represent the highest quality standard in workmanship, trimmings and fit." These are the orders under which our buyers, designers and manufacturers have produced the young men's clothing shown on pages 294 and 295. Those who wish to purchase young men's clothing at lower prices than we ask for our EXCELL-ALL brand will find the young men's clothing on pages 292 and 293 the best on the market for the money.

The U-CANT-TEAR brand has become a household word the country over for high quality in boys' and little fellows' clothing. Our aim has been to make this brand the finest clothing in point of style, fabric, workmanship and fit. We have spared no trouble or expense to make it such, and as "Merit wins its own reward," the U-CANT-TEAR brand holds the enviable position of being the best and largest selling brand of boys' clothing in the country. When you need boys' clothing, buy the genuine U-CANT-TEAR brand is sound advice to follow. You will get styles, patterns and quality that cannot be duplicated anywhere under 30 to 40 per cent more than our prices. You can save about one-half of your boy's clothing expenses if you buy from us. It is important to remember that a genuine U-CANT-TEAR brand garment bears the U-CANT-TEAR label, that we manufacture it exclusively and that you can buy it only from us.

How to Order Young Men's, Boys' and Children's Clothing.

On the inside front cover page and on our order blank you will find our measuring chart which enables anyone to take measurements. On orders for young men's clothing, give measurements as explained on the chart, and mention size of coat and trousers that young man is wearing at the time order is sent. On orders for boys' school suits, knee pants suits, little fellows' suits, blouses, knee pants, etc., just state correct age of boy, the size of the clothes he is wearing, if you know it, and whether he is large, small or of average size for his age. A good plan is to save the size tags, so the next time you order you will know exactly what size to order, always making allowances, of course, for the growth of the boy since last clothes were bought for him.

We Make EXCELL-ALL Brand Suits to Order.

Young men who prefer to have their clothing made to order, others who must have it made to order because of irregular build, being either extremely tall and slender or short and stout, and who cannot be fitted with a ready made suit, can have any EXCELL-ALL brand suit made to special order. We charge one-fourth more than the regular price quoted. This extra charge simply represents the extra cost of special cutting and other special handling. We do not make sizes larger than 37 inches breast measure. When ordering made to measure suit, give full measurements, as explained on inside front cover page. Be sure to mention the exact length of the coat and sleeves. Give the number of the material and the name of the style. You can have any material made in any style.

THIS SAMPLE BOOK IS FREE.

We issue a special sample book, as here illustrated, containing cloth samples of young men's clothing and boys' knee pants suits. If you wish to see cloth samples of this clothing before ordering, write and ask for free Sample Book No. 88H. The pages of little fellows' clothing and boys' clothing, not including the knee pants suits, are exactly the same as the pages in this catalog, so you do not need this sample book if you wish to order that kind of clothing. Remember, we guarantee complete satisfaction, or money returned.

SIZES.

EXCELL - ALL brand suits are furnished in sizes from 32 to 37 inches breast measure, to fit young men from 16 to 21 years of age. Every suit is cut over a scientifically proportioned pattern, so perfect that we are able to guarantee a perfect fit to any young man of regular build.

MADE TO MEASURE SERVICE.

Young men who are of irregular proportions, being extremely tall or extremely short, and who cannot be fitted with ready to wear clothing, have the services of our Made to Order Department at their disposal. We will make suits in any of the styles and fabrics offered on this page, to special order, at an extra charge of one-fourth more than the regular catalog price. We do not make young men's suits in sizes larger than 37 inches breast measure. See our Men's Made to Order Department on page 263 for larger sizes.

Ucanttear KNEE PANTS

We sell knee pants for less than the materials alone would cost you if you were to make them yourself. To make this low price possible we have taken advantage of every possible saving in manufacturing cost. Our fabrics are secured at practically no cost, being remnants left over from the various branches of our clothing departments. Marvelous machines, human like in their action, are used in cutting, sewing, pressing, etc., producing several pairs of pants quicker, better and cheaper than if the entire operations were performed by hand labor. By working on this basis of furnishing the best values for the money, we have built up an enormous business in knee pants. You can order one pair or a dozen. Most of our customers order at least six pairs at a time, including their order with other goods selected from this catalog.
